RE: ISPE – Delaware Valley Chapter - Donation

Dear Chris:

The International Society of Pharmaceutical Engineering (ISPE) is the world's largest not-for-profit association dedicated to educating and advancing pharmaceutical manufacturing professionals and their industry. We are an independent organization led by the world's top pharmaceutical manufacturing professionals. We provide an inviting and neutral environment for experts, technologists, regulators, consultants and students to exchange ideas and practical experience.

The ISPE Delaware Valley Chapter recently hosted November Program meeting. At these programs, we take up a collection called ISPE Helps to give back to various local organizations in the Delaware Valley area. We were able to raise \$430.00 at our November monthly program, which the Board of Directors has matched, that we wanted to direct towards support of our country's service men and women in honor of Veteran Day.

On behalf of the ISPE Delaware Valley Chapter Board and in support of your mission to raise awareness and enlist the public's aid for the needs of severely injured service men and women, to help severely injured service members aid and assist each other, and to provide unique, direct programs and services to meet the needs of severely injured service members, we are enclosing a check for \$860.00 to the Wounded Warrior Project.

Sincerely,

Donna A. DeFreitas  
ISPE Delaware Valley Chapter, Board Member
